PRIVATE CONCERT PERFORMANCE RIDER

TECHNICAL

Performance Areas

- 10' x 10' for performances with drums
- 7' x 7' for performances without drums
- Minimum 10' x 10' tent for uncovered, outdoor performances
- Stable stage flooring
- Indoor option in case of inclement weather

**(zero tolerance for any level of rain or direct sun due to potential damage to instruments and electrical equipment)*

PA

- Band provides PA unless professional PA and sound engineer is provided

Power:

- 3-prong power outlet located near the performance area

Lighting

- Appropriate stage or ambient lighting, such as string lights

LOGISTICS

Load-In & Soundcheck

- Clear instructions indicating load out and parking areas
- Allow 1.5 hours prior to guest arrival for load in and sound check
- If the load-out area is more than 25 yards from the performance space or requires navigating stairs, please provide at least two people to assist with equipment transport before and after the show.

Show Times and Duration

- Upto to two 45-minute sets, any time between 5 PM and 11 PM

Artist Merch Area

- A well-lit, card-table-sized area for merchandise sales, staffed by one person to manage the table and payments. Payments accepted in cash or Venmo only
